GALLERY

“UnderArt Gallery... no longer under the radar”

UnderArt Gallery opened its doors for business almost 2 years ago now, in December 2009. The owner of the gallery is iefje Boissevain, a flamboyant, enthusiastic and passionate supporter of Cairns and its local artists. iefje is an accomplished Cairns artist herself and she shares her vibrant gallery space with the artworks of many established and emerging local artists.

The gallery is located in Spence Street in the heart of the Cairns business district and is alive with a fresh and contemporary collection of original artworks. To find the gallery just look for the easel on the footpath with ever changing canvases and you will be taken into a colourful space that will lift your spirits at any time of the day.

The gallery has a great collection of original pieces of artwork, sculptures, functional art and jewellery. iefje deals directly with all artists making all of the artwork well priced and affordable.

Sometimes it's hard to imagine how a piece of artwork will look in either your home or business so iefje is happy to take artwork into your home to see if it works for you at no cost or obligation to purchase. She also takes commissions and will work with you to create a piece especially for you.

Many pieces of artwork from the gallery have found their way into homes all over Australia and overseas and all artwork is carefully wrapped and transported safely to you anywhere in the world.

The gallery is iefje's home away from home these days and she is almost always there to welcome you into her gallery, especially on a Friday night and on the weekend, with a glass of champagne and a chat.

UnderArt Gallery has art for everyone from the serious collector to buyers looking for a unique piece for their home. It's full of colour, passion and vibrancy and is definitely worth a visit when you're next in Cairns.

The gallery is **open 7 days a week from 9.30am to 7.30pm Monday to Friday** and on weekends from 10am to 4pm.

A new addition to the gallery is the amazing “clocktower” which showcases iefje's resin clocks. They are available in the most amazing colours, designs & sizes and are a unique piece of functional art.

“a gallery with charm and variety...
an ever-changing eclectic mix”
